Challenge: Find someone to duel. They can't refuse unless they are a lower level than you are.

Power Up: Secretly put 1 or more beads in your hand.

Reveal: Simultaneously show your beads.

Score: Each duelist gets 1 point per bead + his or her current level.

Tie? Pick up all of your beads and duel again.

Loot: All beads involved in this duel go into a pool. The winner divides them into 2 equal piles. (If there are an odd number of beads, one pile will have 1 extra.)

Rewards: Winner takes one of the piles and gives the other pile to the loser.

XP: Winner writes loser's name on his or her character sheet.

Level Up! If you defeat 5 different opponents then your level increases by +1 and you gain a bead of your color.
